Families First Campaign Plan, 2020-21

THE CURRENT MOMENT
No matter where we come from or what our color, most of us work hard for our families. But today, certain politicians exploit racial anxiety to divide working people and undermine faith in government for all, and rig the rules to benefit the wealthy few. Decades of voter suppression, gerrymandering, and voter-alienation have left regular people in Indiana marginalized from political power.

For Indiana’s families—Black, White, and Latino—the consequences are devastating. While corporate profits are at an all-time high, 70% of Indiana jobs don’t pay enough to live on. The leading cause of death for young black males in our state is homicide. Incarceration rates are at an all-time high—rising 32% in just two years—the largest increase of any state in the last two decades. The opioid crisis ravages our state.

Our religious traditions remind us that it doesn’t have to be that way. By joining together with people from all walks of life, as our religious traditions have done in the past, we can create a just and inclusive Indiana where everyone belongs and every family thrives.

THE PATH FORWARD
Together we are building a faith movement to reshape Indiana’s priorities and advance a moral budget in 2021 that divest from incarceration and invests in families. We encourage our faith and community partners to shape this agenda and grow our collective power to enact our values. In 2020 we will:

• **Invite 10,000 people** to weigh-in on priorities for a moral budget for 2021
• **Engage 52,000 voters** of color, women, and youth to vote
• **Meet with 50 elected officials** and candidates on our Families First Agenda and bring home change in our counties

HOW CAN MY CONGREGATION OR ORGANIZATION GET INVOLVED?
Join a Faith in Indiana Chapter in Marion, Hamilton, Allen, Lake, St. Joseph, or Elkhart County, and consider engaging in these ways:

- **Form a team** of 10-15 who will meet at least monthly to coordinate the congregation’s efforts, with each team member taking on a unique role

- **Identify a Team Chair or Co-Chairs** to support the team to reach their goals. Chairpersons will represent your team on the county-wide strategy council to guide overall effort

- **In-Reach: Set House Meeting & Pledged Volunteer Goal (Jan-Apr):** House meetings are a powerful way to build community, surface priorities, and invite participation to act on our faith. For example, a medium size team of 10 might host 10 house meetings reaching 100 people who pledge to vote, pray, and act on our vision. You might incorporate congregational events, a simple survey, or host a justice sabbath.

- **Faith Voters.** Starting in June, we will host four weekly community canvasses to talk to neighbors about their priorities and encourage them to vote. We’d invite each congregation to identify 10 volunteer each week.

- **Meet with Legislators. (Aug-Oct).** Host a meeting with a key legislator or candidates running for office to share with them the Families First Priorities that we identified earlier in the year. County Chapters will identify key legislators at the local, state, and national levels who have decision-making authority on policy priorities. Together, we’ll be asking state legislators to act on our Families First Agenda during the 2021 legislative session.

- **Public Actions on our Issues. (Jan-Apr 2021).** Big decision will be made in the 2021 legislative session; set Indiana’s 2-year budget, draw the legislative districts for the next decade and more. We will take action thru: Public actions at the statehouse, in-district meetings with legislators, and moments of mobilization like sending letters, emails, phone calls to urge action on our agenda.

Make a financial contribution from your institution.
STRATEGY & FORMATION: KEY DATES
Each ‘Season of Engagement’ will kick-off with a state-wide training to prepare top leaders and teams for collective action. County chapters host quarterly Leaders Assemblies for team leaders that include a mix of training, strategizing, and making plans to take-action. And Counties host regular ‘Clergy Council’ to bring together faith leaders guiding the strategy. Check for updates and details on our website; faithindiana.org/events

SEASON of ENCOUNTER
Sacred Conversations on Race & Faith

House Meeting & Congregational Event Tools
Sample Agenda: House Meeting

Key Goals

- To be and make disciples
- To call out the Story of Division and Fear that is killing our communities and replace it with Our Story of Inclusion, Abundance, Interconnection

Guidelines

- Vulnerability and an exploration of our pain is the only way to fully see one another—to see our entire body.
- Everyone is doing their best. Control gut reactions to really listen and understand. Every story should be valued, and everyone has a story.
- We will not shy away from difficult/complex/painful conversations, but will do so out of generosity, curiosity and an acknowledgment of the divine in each of us.
- We will take risks and honor risks taken.

<table>
<thead>
<tr>
<th>Key Moves</th>
<th>Main questions/ things to land</th>
<th>Digging Deeper (optional with time)</th>
</tr>
</thead>
</table>
| 1) Our Individual Stories (15 min) | - Begin with prayer or faith reflection  
- Leader shares story (How have you or a loved one been hurt by Story of Division and Fear?)  
- Question: Tell a story of someone in your life who is hurting right now? (Share in large group or with partners) | - What are the themes in these stories? |
| 2) The Story of Division and Fear (Naming) (15 min) | - Question: (pull from stories above) What issues are on our hearts today? (health care, immigration, criminal justice reform)  
- Question: What is the story(ies) that get told about why this is the way it is?  
- After eliciting the story from the group, test what we have below.  
  - Hierarchy of Human Value. We are divided. some people are deserving and others are undeserving; some people are disposable  
  - Scarcity. There is not enough, there is a zero-sum game and we are against one another for resources, power, wealth, dignity; if you get some, I lose some  
  - Hyper-Individualism. Our problems are only due to individual choices or character rather than systemic | - What are the stories we tell about the “undeserving”?  
- Who do we picture to be in the “undeserving group”?  
- Have you ever been in the “Undeserving” group?  
- What stories do we tell about the deserving? Are these true? |
| 3) The Story of Division and Fear (Consequences) (15 min) | - Question: When do you find yourself caught in the story above?  
- Question: What are the costs to the story above for you/your loved ones/your community?  
- Question: Who benefits from this story? How?  
- Question: what are the implications of this story for how we view government, public institutions and our economy? | - Who are we told to blame for our problems? Who is really to blame? |
| 4) Our Story Belonging Abundance, Interconnection (20 mins) | - What does our faith say about the above? What does our faith say about our relationship to one another?  
- After eliciting the story from the group, test what we have below.  
  - Belonging. Everyone is invited to belong, every life made in G!d’s image.  
  - Abundance. When we come together there is enough for everyone.  
  - Inter-Connection. Our fates are linked; we are a part of same body; no one is outside of the circle of human concern.  
- Question: What would be different for your loved one you mentioned earlier if these statements were widely accepted as truth?  
- Question: What would our government, our criminal justice system, our economy look like if we all believed these two statements to be true? | - What would you have to let go of to fully live out of this vision? |
|---------------------------------------------------------------|-------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------|
| 5) Our Choice as Faith Leaders (5 min) | Question: What is uniquely required of us as people of faith to advance the story above?  
  - Casting a vision of what is possible.  
  - Unveiling the Story of Division and Fear when we see it.  
  - Discipleship. Making more disciples.  
 Will you act with Faith in Indiana this year?  
  - We can enact our vision of abundance, inclusion, and connection, and it starts in the 2021 State budget. We can Invest in treatment not jails, proven strategies to reduce gun violence, freedom to drive, healthcare for all.  
On May 7th, we will finalize our vision, then congregations across the state will do 2 things; engage voters in June & engage legislators to build support for our vision in the fall. | Leader should be prepared with testimony of why they are a part of this movement.  
If people are concerned about faith and politics ask them: who will call out the costs of the Story of Division and Fear and spread Our Story if not us? If not people of faith? |
| 6) Acting Together to Put Families First (10 min) | - Join the Families First Faith Movement in Indiana!  
  - Sign a pledge card and become a member  
  - Host a conversation in your home  
  - Attend our Community Canvasses every Thursday in June to talk to voters about our vision  
  - Join our Faith in Indiana team and help us plan a meeting with our local and state legislators this fall  
  - Come to the Leaders Assembly on May 7th at 7pm  
  - Attend a public action  
- Evaluation (Ask everyone to share one word of how they are feeling. Ask a couple people to expand)  
- Close with prayer or faith reflection | Ask: what will hold people back from taking action? How will they overcome this? What are the costs of not acting? What other ideas for action do people have? |

Faith in Indiana’s Story

Faith in Indiana is vehicle for faith communities and people of good will to work together for racial and economic equity in Indiana.

Our diverse religious traditions are called to enact abundance, dignity, and inclusion in all public decisions. To stop gun violence. To shift resources from the criminalization and incarceration of people of color and strengthen the social safety net for the state’s most vulnerable residents. To make our democracy more fair, representative and inclusive. And to develop the leadership of those who have been excluded from civil society, particularly people of color, women, youth, immigrants, returning citizens, and people in poverty.

Faith in Indiana has grown from a single city, Indianapolis, to six county chapters that make up 40% of Indiana’s electorate; Marion, Hamilton, St. Joseph, Allen, and Lake. Over 132 diverse congregations lead our county chapters, in partnership with Indiana’s seventeen largest denominations.

We have won a set of critical policy changes to improve everyday life for the Hoosiers who need it most;

- With our partners, we moved Governor Holcomb to suspend the Medicaid work requirement, restoring healthcare security for 88,000 Hoosiers
- Incarceration in the Marion County jail has fallen 30% over three years. There are 700 fewer people in jail each day because we persuaded Mayor Hogsett to adopt our criminal justice reform plan, and we’re leading efforts in multiple counties to do the same.
- With many partners, we blocked two private prisons from being built in Indiana, both of which would have been detention facilities to expand the ICE deportation machine. In Elkhart and Newton Counties, we generated noisy, visible community opposition to denounce and reject the proposed private prison facilities. We passed multiple county policies to end ICE detainers, the unconstitutional practice of holding immigrants without a warrant for ICE.
- Our Families First voting bloc of 52,300 people engaged over multiple election cycles and boosted voting among our voters; 21% among African-Americans and women, 13% among Latinos, and 7%, changing whose voice matters.

Together, we can build a just and inclusive Indiana where everyone belongs and everyone thrives.

Families First Policy Agenda

*Faith in Indiana is building an Indiana where everyone belongs and every family thrives.*

The following are some examples of how Faith in Indiana and Act Indiana leaders propose to achieve the ‘Families First’ Agenda. These examples are not exhaustive. They are a work in progress and are subject to change based on our engagement with the issues; our creativity in imagining, designing and implementing innovative solutions; and the extent of our collective power to make these ideas manifest.

**Restorative Justice**
We work towards a criminal justice system that promotes healing and redemption, and shifts resources away from the mass criminalization of Black people, immigrants, and poor families. We support;

- **End the cash bail system**, so people’s freedom doesn’t depend on ability to pay.
- **Jail Diversion Programs**. We want people who are mentally ill or suffering from addiction to receive treatment, not jail.
- **Reform law enforcement** to be accountable to the wellbeing of our communities.
- **Proven strategies to reduce gun violence** that offer a genuine path out of street life to the small number of people responsible for shootings; like Group Violence Intervention and Peacemaker Fellowships
- **Gun safety measures** like universal background checks, a ban on civilian access to military assault rifles, and responsible gun sales.

**Immigrant Inclusion**
- Restore access to **driver’s licenses** regardless of immigration status
- Restore access to **higher education** to all Hoosier High School graduates, regardless of immigration status
- **End ICE Holds** – Sheriff Departments pass directives to end the unconstitutional practice of holding immigrants without a warrant at the request of ICE
- Institute **Municipal ID programs** and legal services

**Healthcare for All**
- **Expand Medicaid** and the Affordable Care Act
- Lower the cost of life saving **prescription drugs**, like insulin
- Invest in **mental health, addiction, and crisis intervention** centers

**A Caring Economy**
- Create statewide **Paid Family & Medical Leave** Insurance program, so people can take time off to be with a new baby or sick family member without fear of losing their job
- **Protect pregnant workers** and **new mothers**
- Fully fund **quality preschool** for every child in Indiana

**Fair Democracy**
- A fair and inclusive democracy puts people at the center of politics. We support **fair redistricting**, **automatic voter registration**, **ending voter ID**, and other reforms that make it easier to vote.
